PIE range is a complete range of self standing paper molds for sweets and savory products. The range can be customized with customer printing. It is designed to be used in both conventional and microwave oven and to be stored in freezer. It can go from -40° F to 446° F. It does not require any grease treatment, since the range is realized with easy release paper. Suitable for metal detectors. They can be in white or brown paper or cardboard. For further informations please contact our offices.
